Marketing Department | Nova AI Knowledge Base

1. Brand Guidelines

All marketing materials must adhere to the Nova AI brand standards.

- Primary logo: Use only approved SVG/PNG files from the brand asset library.
- Logo clear space: Minimum 20px padding on all sides.
- Primary color palette: #080810 (background), #8B5CF6 (purple), #10B981 (emerald).
- Typography: Syne (headings), DM Sans (body text) — Google Fonts only.
- Tone of voice: Professional, intelligent, approachable — avoid jargon.
- All external content must be reviewed by the Brand Manager before publishing.
- Never modify the logo color, proportion, or add effects without approval.

2. Content Creation & Approval

A structured approval workflow exists for all marketing content.

- Blog posts: Draft → SEO review → Manager approval → Publish (TAT: 3 days)
- Social media posts: Draft → Manager approval → Schedule (TAT: 1 day)
- Press releases: Draft → Legal review → CEO sign-off → Distribute (TAT: 5 days)
- Paid ad creatives: Draft → A/B test plan → Budget approval → Launch (TAT: 2 days)
- Video content: Script → Shoot → Edit → Manager review → Publish (TAT: 7 days)

All content must be fact-checked and free from plagiarism before submission.

3. Social Media Policy

The following guidelines apply to all company social media channels:

- Approved platforms: LinkedIn (primary), Twitter/X, Instagram, YouTube.
- Posting frequency: LinkedIn 5x/week, Twitter 3x/day, Instagram 4x/week.
- Response time for comments/DMs: within 2 hours during business hours.
- Never post financial projections, unannounced products, or client names without consent.
- All employee posts representing the company must include: 'Views are my own'.
- Social media crisis protocol: Escalate to CMO within 30 minutes of any negative viral post.
- Password rotation for all social accounts: Every 90 days.

4. Campaign Management

Marketing campaigns are planned and executed following this process:

- Campaign brief must be submitted 4 weeks before launch date.
- Budget allocation requires CFO approval for campaigns above ₹5 lakhs.
- KPIs must be defined before campaign launch: CTR, CPL, conversion rate, ROAS.

- Mid-campaign performance review at 50% of budget spend.
- Post-campaign report due within 7 days of campaign end.
- Minimum ROAS target for paid campaigns: 3x.
- All campaign data must be stored in the marketing analytics dashboard.

5. Lead Generation & CRM

All leads generated through marketing must be managed in the CRM system.

- Lead response time: Within 2 hours during business hours.
- Lead qualification criteria: Budget, Authority, Need, Timeline (BANT framework).
- MQL to SQL conversion: Marketing hands off to Sales within 24 hours.
- Lead data must be GDPR/PDPB compliant — explicit consent required.
- CRM data hygiene: Duplicate contacts to be merged weekly.
- All lead sources must be tracked with UTM parameters.

6. Marketing Budget Guidelines

Marketing budget allocation follows the 70-20-10 rule:

- 70% on proven, high-ROI channels (SEO, email, performance marketing).
- 20% on emerging channels with growth potential (influencer, podcast, events).
- 10% on experimental/new initiatives (new platforms, creative tests).
- Vendor selection: Minimum 3 quotes required for any spend above ₹1 lakh.
- Agency retainers must be reviewed and renegotiated annually.
- All marketing spends must be tagged to a campaign code for tracking.
